

# COBRAS

13<sup>th</sup> Edition | 2025

Clark  
Solutions

## THE EVENT

Since 1993, the Brazilian Sulfuric Acid Congress (**COBRAS**) has established itself as the **main forum for debate and presentation of new technologies in the segment in the southern hemisphere.**

In 2025, the event reaches its **13<sup>th</sup> edition and will be held from September 29 to October 2 in the enchanting Serra Gaúcha, in Gramado, RS.** Leaders and experts from companies in various countries will be meeting to exchange experiences, share knowledge, present innovations and discuss the main market trends.

The 13<sup>th</sup> COBRAS is an unmissable opportunity to follow the most relevant discussions in the sector, promoted by the main professionals and players in the sulfuric acid industry.

# THE EVENT

## SERRA GAÚCHA: GRAMADO

### An enchanting scenery

The Serra Gaúcha, known for its stunning landscapes, mild climate and welcoming culture, is one of Brazil's most enchanting tourist destinations. At the heart of the region is Gramado, a charming city that combines natural beauty with the sophistication of its European-inspired architecture.

Gramado offers a unique experience, with renowned gastronomy, cozy hotels and an atmosphere that captivates visitors all year round. Whether it's the famous festivals, the flowery streets or the flavors of artisanal wines and chocolates, the city is the ideal setting to host events that combine knowledge, innovation and hospitality.

## PLACE: WISH SERRANO

Located in the heart of Gramado, Wish Serrano combines sophistication, comfort and a complete infrastructure for large-scale events. Recognized for its excellence in hospitality, the hotel offers modern surroundings, premium services and a privileged location, surrounded by the natural beauty of the Serra Gaúcha.

The choice of Wish Serrano reflects COBRAS' commitment to providing participants with an unforgettable experience, combining knowledge, networking and the enchanting atmosphere of Gramado.
