

COBRAS

13th Edition | 2025

Clark
Solutions

THE EVENT

Since 1993, the Brazilian Sulfuric Acid Congress (**COBRAS**) has established itself as the **main forum for debate and presentation of new technologies in the segment in the southern hemisphere.**

In 2025, the event reaches its **13th edition and will be held from September 29 to October 2 in the enchanting Serra Gaúcha, in Gramado, RS.** Leaders and experts from companies in various countries will be meeting to exchange experiences, share knowledge, present innovations and discuss the main market trends.

The 13th COBRAS is an unmissable opportunity to follow the most relevant discussions in the sector, promoted by the main professionals and players in the sulfuric acid industry.

THE EVENT

SERRA GAÚCHA: GRAMADO

An enchanting scenery

The Serra Gaúcha, known for its stunning landscapes, mild climate and welcoming culture, is one of Brazil's most enchanting tourist destinations. At the heart of the region is Gramado, a charming city that combines natural beauty with the sophistication of its European-inspired architecture.

Gramado offers a unique experience, with renowned gastronomy, cozy hotels and an atmosphere that captivates visitors all year round. Whether it's the famous festivals, the flowery streets or the flavors of artisanal wines and chocolates, the city is the ideal setting to host events that combine knowledge, innovation and hospitality.

PLACE: WISH SERRANO

Located in the heart of Gramado, Wish Serrano combines sophistication, comfort and a complete infrastructure for large-scale events. Recognized for its excellence in hospitality, the hotel offers modern surroundings, premium services and a privileged location, surrounded by the natural beauty of the Serra Gaúcha.

The choice of Wish Serrano reflects COBRAS' commitment to providing participants with an unforgettable experience, combining knowledge, networking and the enchanting atmosphere of Gramado.

Salgado Filho International Airport (POA)

Distance: 74 km / Time: 1:40 hour

PARTICIPATION

The **13th Brazilian Sulfuric Acid Congress (COBRAS)** is the main forum for debate, innovation and the exchange of experiences in the sector in the southern hemisphere. Producers and operators play an essential role in this meeting, which brings together leaders, experts and leading companies to discuss market trends, challenges and opportunities.

Each participant will only be allowed to purchase one "Companion" package, which will stay in the same room as the participant (the room will be upgraded to a Double). Access to lectures and technical events is exclusive to the "Producer / Operator" package.

For more information, please contact us at marketing@clarksolutions.com.
